NOTICE OF ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record (considered as a whole) neither anticipates nor renders obvious a sanding machine having oscillating drive means and an activating device, having a multiplicity of activating regions that are alternately activated independent of the oscillating movement and wherein the oscillating drive means has rotatably eccentric shafts, at least one of which displaceably mounted in one direction of a sanding plane in combination with the rest of the limitations set forth in the independent claim.

NOTES: For the record, previously withdrawn claims 8, 10, 14 and 15 have been rejoined and it is also noted that the "drive means" language in lines 1, 6 and 11 of claim 12 does not invoke 35 U.S.C. 112, 6th paragraph because sufficient structure is provided (in lines 11-13) for the "drive means" to prevent the "means" language from meeting the 3-prong analysis necessary to invoke 35 U.S.C. 112, 6th paragraph.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
